# SimpaTec Usermeeting 2024

---

EXHIBITION

---

April, 16 and 17, 2024, Alsace, France

Always being up-to-date, following the latest research results and developments within the plastics industry and integrating them into our software and range of services was and still is one of SimpaTec's most important business principles.

# MOTIVATION

SimpaTec is pleased to welcome selected technical partners as part of the International SimpaTec Usermeeting 2024 and to be able to offer exclusive exhibitor opportunities.

Our usermeetings have become extremely important and an indispensable means of communication. Interacting with you enables us to offer creative and innovative ideas in order to guarantee a cost-optimal product and process management. Sufficient time for discussions will be provided either between the presentations, in the foreseen generous breaks, during the workshops or in a relaxing atmosphere at the evening event. Enough interesting topics will be available and we look forward to the liberal, very constructive discussions.

**Take this opportunity to present your company to a high-class professional international audience during our event!**

A highly representative exhibition area will be available in close proximity to the culinary provisions taking being provided during the event.

The amount of exhibitors is limited to six (2 premium and 4 exhibitor).
